Newsletter for Retford Bowling Green

September 2017

Dear Members

Introducing the new club logo. Tell us what you think!

Better still why not enter this month's caption competition emailing to publicity@retfordbowlinggreen.co.uk Here's one to get you started

Keitha: 'I said to the bloke at the garage that I wanted something I could just run down to the bowls club in that's going cheep'

Despite the weather we had an excellent president's day thanks to Sandra and all those who helped out. Likewise Keith's captain's day, ably assisted by Gilna, provided a lot of laughs throughout the afternoon, a good selection of jokes from him, an entertaining quiz and a slab of pie that should keep us going until next year.

Sadly these events herald the end of the season so we need to keep in mind the activities which offer us an opportunity to stay in contact during the winter break. Some of these are outlined in this newsletter and more details can be found elsewhere on the website as the newsletter signs off from monthly issues to less frequent issues until next season.

We can certainly look back on a highly successful season on both the social and playing side, reflecting the positive atmosphere within the club along with the wealth of talent on the green. Thanks are extended to all those people whose efforts behind the scene have made this possible.

Notable successes at county and district level by Trevor and Sandra and the success of the Thursday 4x2 team help to keep our club name well respected and internal competitions have provided opportunities for all members to engage in friendly competition- details are included on page 4
